It's as easy as 1 2 3.

Call one of us.

(We call ourselves Connectors.)
We will help you on your journey
and /or signpost you in the
right direction.

Funding and support.

Our Connectors have access to
all the funding and support services
in Cornwall. They can let you know
what services will be best for you
and arrange the next steps,
doing all the research for you.

Begin to implement the plan.

We'll be available on the phone
throughout your journey and
are here to help and guide.
We can also provide funds
towards employment.

Most people get the direction
they need after a phone call.
But we are here for longer if
you need us: you can meet
the same person you called,
somewhere relaxed, so we can
help make an action plan for
your journey back to work.

We'll get you on the right path.

An aerial photograph of a paved path with several red expansion joints. The path is surrounded by a light-colored gravel area. There are several colorful circles (purple, orange, and pink) scattered across the image. A large white circle is centered on the path, containing text. The shadows of people are visible on the right side of the path.

There is a lot of help out there; so much that it can be overwhelming.

Our Connectors can help you find a clear path. They can guide you and put you in touch with the best support and services for your needs.
